RE: Alpha Technologies – Uninterruptible Power Supply (UPS) System for Signal Cabinets
Model: FXM-HP 2000 (Part# 0170022-001)

Dear Mr. ZenZen:

This is regarding your request for the Texas Department of Transportation (TxDOT) Traffic Safety Division approval of the above listed Uninterruptible Power Supply (UPS) System for Signal Cabinets.

The above listed UPS, evaluated according to Special specification TO-8248, Uninterruptible Power Supply (UPS) for Signal Cabinets is satisfactory for use on TxDOT roadways. TxDOT approves this product for use at TxDOT signalized intersections.

TxDOT reserves the right to remove this device from the approved products list if their performance becomes unsatisfactory or falls below established standards. Any deviation from the approved product will also result in the removal of this device from the approved products list unless TxDOT is notified of the changes.

This letter shall not be considered a product endorsement. If you have any questions, please call Barbara Russell at (512) 506-5116 or me at (512) 416-3200.

Sincerely,

DocuSigned by:
